Summer 2023
For 3, 4 and 5 Year Old Children
June 19-August 11
9:00-1:00

SESSION 1:

June 19 - June 30

EXPLORE THE OCEAN

**with Tori Bacigalupo &
Jennifer Clark**

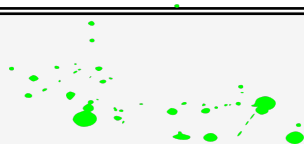

Join us for some summer fun while we explore the ocean. We will have fun learning about some of the many marine animals that live in the sea, including whales, sharks, and dolphins and we will each discover our favorite fish. We will also include some ocean art and special projects. This session will be filled with friends, fish and fun!

SESSION 3:

July 17 - July 28

HANDS ON SCIENCE

with Valentina Azzani and Amanda Brow

Let's experiment together! During these two weeks children will have the opportunity to learn about science through hands-on activities and experiments.

Our experiments will be exciting and colorful as we watch water travel, discover magnetic interactions, and see some colorful chemical reactions take place in our "magical milk" experiment!

SESSION 2:

July 3 - July 14

EXPLORING INSECTS

**with Jennifer Clark &
Christina Norman**

Come join us as we explore the wonderful world of insects! Where do spiders live? What do ladybugs eat? How do bees spend their days? We will learn fun facts, practice insect activities and make some beautiful insect art. Let's explore the world of bugs!

SESSION 4:

July 31 - August 11

WOMEN'S WORLD CUP

**With Tori Bacigalupo
and Christina Norman**

This summer session will be filled with learning about the world's most popular sport! This year the World Cup is hosted by Australia and New Zealand. We will have fun exploring the 32 different countries playing in the tournament, watching highlights and

learning the rules of this beautiful game! We will even have a few drills outside and practice our own skills. Let's get excited about soccer!
