**Performance Camp, "THE YOUNGEST JEDI"** with Bill Ziegler

A safe and joyful environment in which to find your inner thespian! This session focuses on the creation, production, and performance of our original and imaginative take on the Star Wars mythology. We'll finalize the script, choose parts and/or create new ones, and begin rehearsing. Art projects include painting backdrops and creating costumes and props. The music and movement program includes creating and rehearsing songs and dance numbers by adding new lyrics to popular tunes. Aspiring musicians are encouraged to bring instruments and perform with the show. It all ends in a final performance for family and friends on the second to last day of the session followed by a celebratory trip to the beach on the final Friday. The session also includes daily sports activities and end-of-morning water games so bring a suit and towel.
